Canadian Environmental Law Association,  
Suite 303,  
One Spadina Crescent,  
TORONTO, Ontario.  
M5S 2J5.

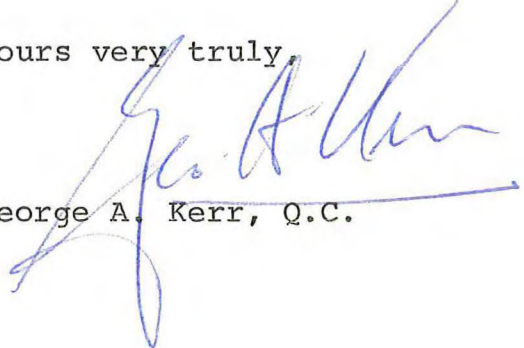

Dear Mr. Castrilli:

I received your letter of November 27th last.

As a member of the government I will be dealing with the substance of this green paper through the usual processes of the Cabinet and the Policy and Priorities Board. These deliberations, as you appreciate, are not made public until a decision is made which would be made known by the Minister of the Environment based on reactions from various sources to the green paper.

I would be happy after the government's position is made known to indicate to you in a general way our reaction in the Secretariat to the points raised in the green paper.

Yours very truly,

  
George A. Kerr, Q.C.
