Dear Mr. Buckley:

Thank you very much for your most generous donation for our continuing work on the Hyde Park landfill case.

We are still awaiting a decision from the Court as to whether the settlement agreement will be ratified. Meanwhile, chemicals are still leaching into the Niagara River and Lake Ontario.

You may be interested to know that CELA has just finished preparing a Brief, with the assistance of Pollution Probe, on the need for a Safe Drinking Water Act for Canada and the provinces.

Thank you again for your much needed donation.

Yours truly,
