Mr. Lloyd Askwith  
General Manager  
Ottawa Hydro  
P.O. Box 8700  
Ottawa, Ontario  
K1G 3S4

Dear Mr. Askwith:

Re: Eastern Ontario Plan Stage  
Environmental Assessment

Would you please provide the Association with the following information and material:

- 1) what has been the growth and peak load experienced by the utility over the last four years;
- 2) is there any breakdown of the composition of this load either by sector, e.g. residential, commercial, industrial or by end use, e.g. heating, motors or lighting;
- 3) what, if any, are the current projections regarding growth and electrical demand;
- 4) is there any breakdown as to the projected composition of this anticipated growth in demand;
- 5) is there any evaluation of the amount of controllable load being served by the utility;

....2/

6) Is there any data with reference to conversions to electrical heat and are there any projections with reference to future conversions in this regard.

Thank you for your cooperation in this regard.

Sincerely,

STEVEN SHRYBMAN
