Law Association
243 Queen Street West, 4th Fl.
Toronto, Ontario M5V 1Z4

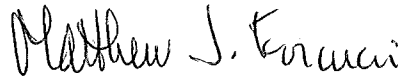

Dear Ms. Vigod:

The document listed below is now available for public review at the Environmental Protection Agency (EPA) Public Information Office, 706 Ninth Street, Niagara Falls, New York and at New York State Department of Environmental Conservation (DEC), 600 Delaware Avenue, Buffalo, New York.

-Report entitled "A Review and Evaluation of the EPA/State Response to Requisite Remedial Technology Study for the Hyde Park Landfill."
Prepared by GTC Geologic Testing Consultants Ltd. for the Niagara River Steering Committee - Ontario Ministry of the Environment. Dated November 30, 1984 (Received January 22, 1985).

This document is provided for your inspection to help keep you informed of activities at the Hyde Park Landfill. We welcome your comments.

Sincerely,

Matthew J. Forcucci
