

RECEIVED NOV 27 1991

GREAT LAKES UNITED

MEMO

TO: Sarah

FROM: Kris

Here are some foundations that should be interested. I've asked Phil to talk to the Public Welfare Foundation and any others he thinks would be helpful.

Are there any other Canadian Foundations you can think of?

It's a great project and has a very good chance of getting funded for 1992. As I said when we talked over the phone, you should set up the steering committee ASAP. In addition to getting the letters of support from them and input on the proposal they might also know of other foundations from areas outside of the environmental foundation circle.
