

GREAT LAKES UNITED

July 28, 1992

Mr. John Witzke
Saginaw Bay Advisory Council
1023 Brissette Beach
Kawkawlin, MI 48631

Dear Mr. Witzke,

Your Great Lakes United individual membership was due on May 6, 1992. Please Renew! You are a vital part of the GLU coalition. We need your support to protect and restore the Great Lakes and St. Lawrence River.

As you know, the need for informed Basin-wide citizen action is urgent. Researchers are now seeing the long term health effects of toxic chemical pollution on the Great Lakes, ourselves and our children. To stop the threat of toxic chemical pollution, citizens and groups around the Basin must work together.

Since 1982, GLU has led collaborative Great Lakes initiatives that have gained tougher pollution controls, stronger protection policies and more effective clean-up plans throughout the Basin.

You make these and many other critical projects possible. With you and hundreds of other Great Lakes residents and groups behind us, GLU can present a strong and unified voice to Basin decision makers. We have proven that citizens throughout the Great Lakes Basin can have an effect on policies, programs and activities that affect the Great Lakes ecosystem. But there is more to be done and we need your help to do it. Please renew your GLU membership!

GLU's small, hard-working office staff is aided by dedicated volunteers and interns -- so you know that your member dues are spent wisely. And because GLU works with nearly 200 other Great Lakes groups -- you know that you're supporting the most effective effort for Great Lakes protection.

Please take a minute now to fill out and return the enclosed membership envelope so we'll know we can count on you. We look forward to hearing from you soon.

Sincerely,

Karen Murphy
Field Coordinator
