Dear Linda,

Thank you for agreeing to be part of the events celebrating the 25th Anniversary of the Canadian Environmental Law Association. I've enclosed some invitations for you to give to friends who might be interested. We expect to have about 100 people attend and hope that it will be a casual event, bringing together friends and colleagues from our past and present. There will not be much of the pomp and circumstance usually associated with these sorts of anniversaries.

As we've discussed, Ursula Franklin will also be speaking and Michelle Swenarchuk, our Director will be contributing her perspective and moderating. She will be calling you in early September to discuss the details of the program. We would be happy to offer you an honorarium for your contribution, since our focus will require you to put together your thoughts from your unique investigative perspective on what the future might hold for environment protection.

We are all looking forward to September 11th. Please call if you have any questions or suggestions.

Yours truly,
Canadian Environmental Law Association

Sarah Miller
