Hey Rick,

We've received 1228 total submissions to date. Of those 1220 were form letters from either Greenpeace or the David Suzuki Foundation. There were 8 separate submissions from organizations or citizens.

Summer's been busy at work. but still trying to find time to golf.

Hi Blair:

Just curious — approximately how many public submissions did you receive in response to the EBR posting re O.Reg.276/06?

Hope you're having a great summer & talk to you soon...

Thanks,

RL
