IMPORTANT NOTE

THERE ARE ANNOUNCEMENTS FOR TWO SEPARATE WORKSHOPS

AND

TWO SEPARATE APPLICATION FORMS FOR THOSE WORKSHOPS

ENCLOSED WITH THIS MAILING

PLEASE READ BOTH LETTERS

AND

RETURN BOTH APPLICATIONS

DEPARTMENT OF HEALTH CARE SCIENCES

Dear Colleague:

The George Washington University (Washington, D.C.) Pollution Probe (Toronto, Ontario), and The National Wildlife Federation (Ann Arbor, Michigan) are sponsoring a workshop on Sunsetting hazardous chemicals in the Great Lakes basin. The workshop will be held from 23 - 24 September 1992, at the Holiday Inn, Traverse City, Michigan. Funding for the workshop has been received from two foundations and will cover expenses for hotel rooms and meals for all workshop participants. Some funding support may also be available for travel to and from the workshop.

The objectives of the workshop are to:

- 1) Disseminate information on Sunsetting and its potential for implementation and use in the Great Lakes basin (origins/history, mechanisms, application and implementation, etc.), and;
- 2) Disseminate and discuss information on a Sunsetting methodology with specific emphasis on criteria for selection of chemical candidates for Sunsetting.

We would like to determine whether you are interested in attending this workshop. Please fill out the enclosed application form and return it to us NO LATER THAN C.O.B., 10 JULY 1992. You can mail the application to us or return it by fax. Please don't hesitate to copy this form and give it to other individuals who may be interested in participating in the workshop.

Attendance at the workshop will be limited to 100 persons. Selection of workshop participants will be based on achieving a group of individuals with a diverse array of interests and perspectives on hazardous chemical management in the Great Lakes basin. Should you be selected for participation, we will mail all the necessary materials and information to you in late July or early August. If you have any questions about the workshop, contact Dr. Jeffery Foran at (202) 994-2587 or Ylang Nguyen (pronounced "when") at (202) 994-5178. We look forward to a successful workshop in September.

Sincerely,

Jeffery A. Foran, Ph.D.

ANNOUNCING

THE FIRST BINATIONAL WORKSHOP ON SUNSETTING HAZARDOUS CHEMICALS IN THE GREAT LAKES BASIN

23 - 24 SEPTEMBER 1992

TRAVERSE CITY, MICHIGAN, USA

SPONSORED BY THE GEORGE WASHINGTON UNIVERSITY POLLUTION PROBE

For more information contact:

Dr. Jeffery A. Foran, George Washington University Phone (202) 994-2587 Fax (202) 994-8531 or Burkhard Mausberg, Pollution Probe Phone (416) 926-1907

DEPARTMENT OF HEALTH CARE SCIENCES

Dear Colleague:

The George Washington University, Pollution Probe, and The National Wildlife Federation announce a workshop on implementing a Sunsetting process for hazardous chemicals in the Great Lakes basin. The workshop will be held on 25 September 1992 at the Holiday Inn, Traverse City, Michigan. The workshop will follow a more general workshop on Sunsetting to be held on 23 - 24 September (announcement enclosed). Expenses for hotel rooms and meals will be covered for all workshop participants. Some funding support may also be available for travel to and from the workshop.

The objective of the second workshop is to develop a mechanism or plan to implement a Sunsetting process in the Great Lakes basin, and to develop a process to work toward successful implementation of the mechanism.

We would like to determine whether you are interested in attending this workshop. Please fill out the enclosed application form and return it to us NO LATER THAN C.O.B., 10 JULY 1992. You can mail the application to us or return it by fax. Please don't hesitate to copy this form and give it to other individuals who may be interested in participating in the workshop.

Attendance at the second workshop will be limited to 50 persons. Participants in the second workshop will be individuals who are philosophically supportive of development and implementation of a Sunsetting process in the Great Lakes basin and are willing to work toward implementation. Should you be chosen to participate in the second workshop, you will be expected to also participate in the first workshop.

Should you be selected for participation, we will mail all the necessary materials and information to you in late July or early August. If you have any questions about the workshop, contact Dr. Jeffery Foran at (202) 994-2587 or Ylang Nguyen (pronounced "when") at (202) 994-5178. We look forward to a successful workshop in September.

Sincerely,

Jeffery A. Foran, Ph.D.
