

CANADIAN PARTNERSHIP AGAINST CANCER
PRIMARY PREVENTION ACTION GROUP
NATIONAL COMMITTEE ON ENVIRON-
MENTAL & OCCUPATIONAL EXPOSURES

CAVALLINI & CO.
SAN FRANCISCO

WCEOE
Canadian Partnership Against Cancer Primary Prevention Action Group
Paul Walters replacing Sue Milner
Alan joins by phone
October 18, 2007

Judith
Updates from the Partnership

- Jessica Hill new CEO (3 weeks in)
- First CPAC Board Meeting on May 13, 2007.

- Putting an organizational plan in place 5 vice presidents under her. ^{Hope to have them on Board by January 2008}
- Central office adding staff as they go.

a coordinator has been hired to solely manage RFPs.

- Will we be hiring people expert in prevention = do not know?

Travel policy still taking time to get reviewed
next meeting will not have to pay for hotels will be done centrally
Amex will be handling travel
will book & pay up front
for travel.

SARAH MILLER

will contract with Paul
until the end of December
has gone forward with
out Board approval.

writing a letter might
be helpful.....

and - this project pays to
define the pervasiveness
of this problem. It's
incredibly important.

How this data can actually
be used. CELA will use
it.

An Advisory Board with
Cancer Experts in it is
being established.

based on Finnish model -
workplaces are registered
where exposures are occurring.

Knowledge transfer
exchange is not understood
by CPAC.

Who owns the data - The university
who can use it CPAC will
not stand in the way.

Will asked to have this
committee act as an advisory
committee.

He wants to put in checks
because this project could
go out to tender.
The Board is a transition team
so are we trying to convince

Program Director Hans will
p down so he can deal on
contracts with us.

Looking for one in Winnipeg
has been selected
as contact for full-time
support for dedicated to this
committee.

Structure has not been
functioning - Alan assures
us "things will improve."

100% involvement with from
Hans.
